

Hi All,

Last night's meeting was cancelled at short notice due to a mix up with dates. So, just a quick update rather than formal minutes.

#### Actions from 29OCT

- 47.1 Grant Funding to completion - Ongoing. Chris will submit an application to Grant White very soon.
- 47.2 Social media post - Ongoing. This was not sent in October. Chris will work with Mark to progress an update before Christmas.
- 47.3 Submission of NP and supporting statements to WLDC - Closed. Formal submission to Nev was sent on 25NOV and acknowledged 26NOV.
- 47.4 Document reviews - Closed. Comments received and acted upon.
- 47.5 Budget to complete the plan - Closed. Figures included in the grant application.

The Neighbourhood Plan is now with Nev and WLDC to progress through Regulation 16, a minimum of 6 week's further publication and consultation prior to the independent examination.

Given the NP is no longer in our control to progress and December is a busy month, I suggest we set a date of Wednesday, 14th January as our next meeting.

Regards, Steve

Secretary of the GSONP
